KPMG in Hungary's Property Advisory services

KPMG Hungary Ltd. has been providing property advisory services ever since its establishment in 1990 and formerly provided property valuation services with the help of non-firm professionals. In October 1998 a new firm specialized in property advisory, valuation and transactions called KPMG Property Advisory Ltd. was established. We have been providing our property advisory services (KPMG's Property Services) as a part of KPMG Advisory Ltd. Financial Advisory Services department since October 2003.

Our line of business

KPMG's Property Services - using the professional structure and resources of KPMG Advisory Ltd. - provides a full range of comprehensive services to clients, who develop, construct, own, lease or manage all types of property.

Our professionals

Our professionals have access to a broad range of methods and know-how. We apply these for handling all tasks, helping to find the best approach for general and specific problems. Our property advisors bear the highest level property expert qualification, are highly educated and have a wealth of technical experience. All of our valuers are members of the Hungarian Real Estate Association, and our leading professionals are also members of the Royal Institution of Chartered Surveyors.

Our International Network

Our team's international qualifications allow us to provide exceptional service around the world. In cooperation with the Property Advisory professionals in KPMG's global network of firms, we can also assist local clients with their investments abroad.
